

Description

Levven Decora-style wireless switches transmit to controllers to wirelessly turn lights and devices on and off. Use Decora-style wireless switches anywhere in your home or business, including detached garages, gatehouses, exterior lights, and storage buildings to control devices without running wire to an installed switch location.

Installation

Levven Decora-style wireless switches can be mounted onto any surface: brick, tile, drywall, concrete. Finish with any standard Decora-style cover plate. Additionally, the switch can be kept portable.
